A close-up, low-angle shot of a dark-stained wooden dining table. In the foreground, the back of a modern, dark-colored chair with a curved backrest is visible. On the table, a dark, shallow bowl is filled with several bright orange and yellow lemons. The background is softly blurred, showing another chair and a light-colored wall.

{ DINING ROOMS }

We make the tables; you make the memories.
Whether you set a traditional table, you have
modern on the menu, or you're somewhere in between,

RUSTIC GLAM

Somers, a reimagined Windsor chair, gets a full metal makeover, while the McKendrie table brings home the modern farmhouse vibe.

A dining room scene featuring a dark wood dining table with six chairs. The chairs have dark frames and light-colored upholstered seats. A black bowl filled with oranges sits on the table. Above the table is a modern, rectangular light fixture with a black frame and four exposed bulbs. The background consists of a red brick wall and a window with a view of trees. On the left wall, there is a decorative wall-mounted art piece made of vertical rods with small wooden and teal blocks. The floor is covered with a blue and white patterned rug.

DELICIOUSLY DANISH
Here, the McKendrie table shines in a Danish modern space full of clean lines, functional forms, and pops of color.
