YOUR LIFE THROUGH  
OUR DESIGN

“Whether it's a bigger-picture element,  
like an upholstered sofa with a  
sweetheart-back detail, or a small vase  
that mirrors these curves and pops the  
fabric's background color, we are your  
custom house for accentuating  
your home with the quality, value,  
craftsmanship, and style you expect  
from Ethan Allen.”

# quality

Like you, the finest pieces of furniture have a story to tell: where they came from, and what details shape them.

At Ethan Allen, we begin with a boutique of refined furniture concepts. Then, we personalize each piece to accentuate your story.

A bit of our story lives in each piece, too—a story of exquisite woodworking, told in kiln-dried frames, time-tested joinery, and hand-carved rosettes. It's a story of enduring quality and of a reputation for craftsmanship that no other furniture maker can match.

# artistry

Have you ever seen an artisan tuck and sew a piece of upholstery fabric around a curved beechwood frame?

Have you watched a classic roll-arm chair get an elegant update, in cut and color-blended leather?

Artistry like this happens every day in Ethan Allen's workshops, where we still hand-tailor every piece of upholstery.

Every stitch, every welt, every accent button, every nailhead—all placed by human hands, and guided by human vision.

Choose from hundreds of exceptional fabrics and leathers; our artisans will take it from there, tailoring your furniture exquisitely, by hand, and transforming beautiful materials into a finished masterpiece.

YOUR CLASSIC STYLE

Traditional twists, time-honored turns—you love the historical influences found in Classic pieces. We take these elements, accentuate them with fresh interpretations that blend with your current style, and solidify their place as your family's new favorite heirlooms.
